

ELECTRONIC SIGN CONTROLLER

Take control of your traffic signs with the cutting-edge Local Sign Controller, designed to make managing school signage easier than ever. Whether you're looking to automate sign schedules or manually control them for holidays and special events, this controller provides the flexibility and reliability you need.

KEY FEATURES:

- **Automated Scheduling**
- **Easy Time Adjustments**
- **Manual Override**
- **Quick Activation**

Built for ease of use and maximum efficiency, the Local Sign Controller ensures your traffic signage is always perfectly timed and fully under your control. Say goodbye to manual sign adjustments and enjoy the convenience of smart automation.
